Summary

Educated, self taught and experienced software engineer offering a wide-range of skills with over two years of experience in the FinTech industry. Currently a senior at the University of San Francisco majoring in Computer Science with a major GPA of 4.0 (expected graduation May 2021). I have several years of experience in internships working for one of the first companies in the FinTech and data aggregation industry at Envestnet Yodlee. I was born and raised in the Bay Area and love being surrounded by the fabulous opportunities that Silicon Valley offers.

Aiming to leverage a proven knowledge of software development, database design, and web development skills to successfully fill the Software engineer role at your company. Frequently praised as detail-oriented by my peers, I can be relied upon to help your company achieve its goals.

Skills

- Golang
- Python
- Blockchain
- Data Science
- Functional Programming
- Web Development
- C/C++
- JavaScript
- Java
- SQL
- Teamwork
- Leadership
- Communication

Experience

MVCode | Redwood City, CA

Coding Instructor

12/2017 - Current

- Teach students (3rd-10th graders) to code using a curriculum software based on computational logic, creativity, and collaboration to build their own video games, websites, and robots.

Envestnet | Yodlee | Redwood Shores, CA

Cloud Operations Intern

05/2018 - 08/2020

- Created a full stack asset tracking software with my partner to aggregate data on all of our assets including hardware and software to make management of assets as easily as possible for the purchasing department.

Envestnet | Yodlee | Redwood Shores, CA

Data Operations Intern

05/2019 - 08/2019

- Used Ionic framework along with Node.js and Angular to help develop a mobile app for asset management that can scan/organize data and send a post request to save it into a database.
- Engaged in a professional setting and worked closely with team members to deliver project requirements, develop solutions and meet deadlines.
- Earned reputation for good attendance and hard work.

Education and Training

University of San Francisco | San Francisco

Bachelor of Science in Computer Science

Expected in 05/2021
